

**Lockerley Stores Defibrillator  
Fantastic news and huge thanks!**

Your generosity has resulted in us collecting all the money required to place the order for a new defibrillator to be sited outside Lockerley Stores. Huge thanks to you all for your donations and fund-raising initiatives; these included a village store Christmas raffle and a mini concert on Christmas Eve by the Armitage family. Again, many thanks for your generosity

**Ready, Steady, Census**

The decennial census is almost upon us. Households across our parishes will soon be asked to take part in the nationwide survey of housing and the population. It has been carried out every decade since 1801, except in 1941. Information from the digital-first census will help decide how services are planned and funded in our local area. This could mean things like doctors' surgeries, housing or new bus routes. Households will receive a letter in the post with a unique access code, so that questionnaires can be completed online. Paper questionnaires will be available on request. Census day is 21<sup>st</sup> March. For more information, visit [census.gov.uk](http://census.gov.uk). ***If anyone would like help with completing the Census form then please contact one of the Care group coordinators.***

We are very grateful for the messages of sympathy that we have received since Mum's passing on 8 December; they have been an enormous support at this sad time. Thank you to those who joined us for her funeral - in person and via the Webcast. Thank you also for all the love and support shown to Susan since her move to Lockerley Green just two years ago. *Peter and Rachael Gregson*

**The Sarah Rolle Trust** next meets on 23<sup>rd</sup> March 2021. ## Lockerley Website Update 2021

The website [www.lockerley.org.uk](http://www.lockerley.org.uk) has undergone a mild revision. It is not a "web 2.0" site; there are social networking style platforms for that purpose. There are some changes and there may be a number of errors or omissions about which admin @ lockerley.org.uk would be pleased to learn.

## Oilbuying in 2021

The oilbuying group aims to save participants a small sum by aggregating demand. The most efficient delivery is one which drains whole tanker loads in a single delivery; each tanker holds ca 19500 litres. So, the greater number of participants the greater the chance that full tankers can leave the Lockerley area empty after delivery. There is more information about the way the free scheme operates and how to take part on the website at [www.lockerley.org.uk/index.php/oil-group](http://www.lockerley.org.uk/index.php/oil-group)

## Dun Valley Walks Book

Walking has been a lifeline for many during the Lockdowns this year, and there are dozens of delightful walks in our local countryside for you to explore. A local walks book, originally printed in 1998, has been revised and updated by members of Lockerley Walking Group, with some new walks added. The walks in the book vary from 2 - 9 miles in length and are very varied, from minor roads and paths to footpaths through woods, downland, meadows and by streams. Copies are **on sale now at £6** from Lockerley Stores, West Tytherley Shop, Hansards Pet Centre and the Romsey Tourist Information Office. All profits from sales will go to Lockerley & East Dean Memorial Hall, our local Churches, and Shelter.

## Is your child starting school in September?

If your child turns 4 in the next year and starts Reception Class in 2021 – why not consider West Tytherley Primary School? Just a 9-minute drive from Awbridge, the school is set in an idyllic countryside setting with extensive grounds, a pond dipping and nature adventure ground and play areas. The School offers spacious classrooms with small class sizes and breakfast and after school clubs to offer wrap around care and after-school activities. The catchment area is sprawling countryside, and we can offer in-school transfers for siblings. Many of our children come from Awbridge, Lockerley, Dunbridge, West Dean, Winterslow and Broughton. If you are interested in joining our school community or simply to look around, please call the School Office on 01794 430338 or visit [west-tytherley.hants.sch.uk](http://west-tytherley.hants.sch.uk) for more details.

## Down on the Farm, at Lockerley Estate

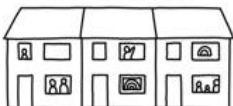

Happy new year to everyone from all at Lockerley Estate. It is a difficult time for many and that makes us all the more grateful to live and work where we do. Farming is locked into an intense game of chess trying to balance production of nutrient dense food whilst being the partner in delivery for carbon sequestration through net zero targets, soil health, biodiversity and climate correction, a new national food strategy, Brexit, land use, delinking of support from EU and much more. We are very much on the front foot with what the future may look like and I look forward to regularly sharing with you what is happening down on the farm. We plant a cover crop at harvest time on any land that isn't due to be planted until the following spring and these cover crops provide forage for Tony Dawkins' sheep. The soil is covered for as much of the year as possible, helping to maintain and build soil organic matter. The sheep, which are now heavily pregnant, will be coming into the barn at Manor Farm in mid-February. Autumn crops look very well coming out of the winter, with little disease or pest damage, requiring little intervention from us. In a whole team effort, we started our annual hedge planting programme in the first week of January. Some of you may have seen these new plants along the footpath north of Oaklands

Farm and on the roadsides above Manor Farm. We are using a wide mix of species to provide diverse hedges which will have multiple benefits for wildlife: they create shelter and refuge areas; nesting sites for birds and small mammals; wildlife corridors; windbreaks for butterflies; they increase insect activity nearby which is food for bats and birds; extra flowers for pollinators and they will supply bird food into the early winter. We will have planted 10,000 hedge plants over the last three years. We are also full steam ahead with preparations at the veg plot at Manor Farm! You may have noticed the arrival of the polytunnel back in December, as well as the new hen house for our 20 laying hens. We are now busy planting fruit trees, rhubarb and soft fruits, ready for harvesting a few years from now... February is a really busy time for seed sowing, especially in the tunnel. Early crops for the 2021 season include peas, beans, potatoes, and lots of lovely leafy greens (to name a few). We've carefully selected varieties from everyday essentials to real gourmet treats. A selection of fresh seasonal produce will be available to buy at the farm gate and via the West Tytherley shop from May 21. You can keep up to date with what's happening on the farm by following us on Facebook [www.facebook.com/Lockerley-Estate-872358609812432/](https://www.facebook.com/Lockerley-Estate-872358609812432/)
